Pick My Project is a Victorian-first community grants initiative, with \$30 million available to fund local projects. Come up with a project idea, vote for your favourites and make your community an even better place to live.

If you're a Victorian resident aged 16 years and over, this is your chance to submit an application for a project idea that could benefit your local community.

These could include programs to improve your community and bring people together or small infrastructure projects.

Victorians will decide on their favourite projects by voting in their local community. Grants range from \$20,000 to \$200,000 including GST.

Be part of **Pick My Project** and help decide what matters in your local community.
